

European Union REACH Policy Compliance Statement

Green Compliance has reviewed the European Union's Registration, Evaluation, Authorisation and Restriction of Chemicals Regulation (REACH) and can confirm that we do not supply products that contain any substances that are listed on the European Chemicals Agency lists (ECHA).

Claire Morgan
Health and Safety Manager
On Behalf of Green Compliance PLC

REACH regulation dated 16th December 2013

Policy issued 12th March 2014 version 1

Green Compliance Water Hygiene and Treatment is a complete **water treatment, water hygiene** and **air solutions** company, dedicated to providing customers with innovative **environmental solutions**. We specialise in ensuring that we understand our customers' requirements across the spectrum of organisations and how to fulfil them. We do this by providing a bespoke package to give safe water systems, peace of mind and above all complete compliance.
